### Councillor Sue James Working for the Community

Sue is working with the community and Council on increasing burial places in Pendeen and securing St Just Library. Sue is also involved with the Landscape Partnership Project and the Tin Coast Project. Both projects aim to make the most of our wonderful landscape and heritage, with benefits for locals and tourism. As our community becomes more popular as a place to live, visit and shop, our car parks are becoming full. Through the Tin Coast Partnership Project, it is hoped that more people

will visit and spend money locally, which would be good for local businesses and jobs. Geevor are considering how they could expand their parking areas on site to assist with parking in the Pendeen area.

What would you think if the current car park at Boscaswell became short term, say up to an hour? Then those wanting to spend longer, walking and exploring, could be guided to Geevor. What are your ideas to improve parking around Pendeen?

Our town car park is often full.

Where do you think would be a good place for a 2<sup>nd</sup> car park? Should the 2<sup>nd</sup> car park also be free at the point

of use? Could one car park be short term (say up to 2 hours) and not allow camper vans, etc., and the other car park be long term, pay and display for any vehicle, including coaches?

What other ideas do you have to improve parking in St Just?

Cornwall Council elections are May 2017. The St Ives Liberal Democrats rely totally on local public support, in terms of time and money, to get good people elected. There are many volunteer roles that need to be filled, from now, to get LibDems elected.

Above are just a few roles needed locally. Please complete the form above and return it to the St Ives constituency office at St Ives Liberal Democrats, The Orchard, Alverton, Penzance, Cornwall, TR18 4TE.
